

Code: PFT1320

POE SWITCH / EXTENDER **PFT1320** 3-PORT

The PFT1320 device allows for connection of 2 cameras with PoE power supply using a single Ethernet line. The cascading connection of 2 extenders allows to connect up to 3 cameras in this way. The device is powered from the PoE switch or other device compliant with this standard. Thanks to this, neither the extender nor the camera connected to it require any additional power supply.
